

Welfare of the Child: patient history form

About this form

This form should be completed by each patient requesting any fertility treatment regulated by the HFEA, including IUI. In surrogacy arrangements, both the commissioning couple and the surrogate (and her partner, if she has one) should complete this form.

For further information, please refer to guidance note 8 of the HFEA *Code of Practice*.

The information you provide in this form will help determine whether any child you might have is likely to be at risk of serious harm. Decisions are made on a case by case basis. Answering yes to any of the questions does not necessarily mean that treatment will be refused. For further information about the welfare of the child assessment, please refer to www.hfea.gov.uk
